UNLIMITED COVERAGE

The LiveU Go-Plan gives broadcasters the opportunity to maximize their content gathering potential by providing LiveU software access to unlimited users within the organization. Broadcasters are able to purchase a pool of data every month for use among as many LU-Smart, LU-Lite and integrated Panasonic devices as they need. Now everyone, from production assistants to journalists and camera operators, can go live at anytime, from anywhere in the world.

LU-Smart

Bringing Bonded Transmission to Mobile Phones & Tablets

LU-Lite

Fast and Reliable File Transfer and Live Video via Your MacBook

Panasonic

Connect Panasonic Cameras with LiveU Central

No Commitment

Upgrade or change your package at any time.

Unlimited Users

Anyone in the organization can use LiveU software without purchasing extra licenses.

Cost-Effective

Purchase one low-priced monthly data package and stream whenever you need.

Platform Flexibility

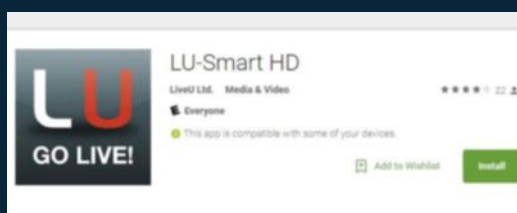

Monthly data can be used for any LU-Smart, Panasonic or LU-Lite software usage, allowing journalists in the field to be flexible with the technology they choose to use.

How Go-Plan Works
